

University of Florida | Department of Medicine
Division of Nephrology and Hypertension
Nephrology Clinical Case Conference
“Dialysis water treatment and dialysate composition”

Presented by:
Irtiza Hasan, MD
Friday, February 26, 2021
12:00 pm – 1:00 pm
ZOOM Meeting

Learning Objectives:

Upon completion of this activity, participants should be able to:

1. Briefly describe the process by which water is processed for dialysis
2. Outline the clinical importance of purity standards for dialysis waters
3. Describe the typical composition of dialysate

Disclosure

Irtiza Hasan, MD has disclosed that he has no relevant financial relationships. Charles Heilig, MD has disclosed that he has two Research Grants with Dialysis Clinics Inc., a Scott R. MacKenzie Research Grant and is D.O.D. Chair for Research Grant Reviews. No one else in a position to control content has any financial relationships to disclose.

Conflict of interest information for the CME Advisory Committee members can be found on the following website: <https://cme.ufl.edu/disclosure/>.

Accreditation

The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
